

RASTRUM 3D Cell Model Network Terms & Conditions

Right of Refusal & Disqualification

- Inventia Life Science reserves the right to approve or decline applications to join its RASTRUM 3D Cell Model Network based on research alignment, program availability and/or strategic fit.
- Participation and associated benefits (e.g., discounts) are subject to ongoing engagement. Inventia Life Science may withdraw membership at any time if in its reasonable opinion a participant is not actively contributing to the program's objectives.

Use of Institution Name & Logo

- By participating, you agree that Inventia Life Science may reference your institution's name and the fact of its participation in the RASTRUM 3D Cell Model Network for marketing and promotional purposes.
- If you provide your institution's logo, you grant Inventia Life Science the right to use it in promotional materials, presentations and digital content.
- Participants may request that their name be excluded from public-facing materials by providing written notice to Inventia Life Science.

Use of Shared Data for Marketing & Case Studies

- Participants agree that non-confidential insights related to RASTRUM 3D cell model optimization (e.g., matrices, additives, and conditions) may be used for educational content, marketing materials and case studies.
- No proprietary and/or unpublished experimental data or personally identifiable information (PII) will be shared without explicit written consent.
- If participants submit images (e.g. control images of models), they grant Inventia Life Science a non-exclusive, royalty-free license to use them for educational, scientific and promotional purposes.

Privacy & Confidentiality

- All shared data will be handled in accordance with Inventia Life Science's privacy policy and will not include proprietary or patient-sensitive medical information.
- Personal contact details will be used solely for program communication and will not be shared externally without consent.

Program Benefits & Limitations

- Discounts and other benefits are offered at Inventia Life Science's discretion and may be adjusted or withdrawn based on program needs.
- The duration and extent of discounts may vary depending on customer status (new vs. existing user) and level of contribution to the network.
- Inventia Life Science makes no warranty regarding, and will have no legal liability in respect of, the accuracy or utility of data and recommendations shared by users within the RASTRUM 3D Cell Model Network.

Modification of Terms

- Inventia Life Science reserves the right to modify or terminate the program at any time. Participants will be given reasonable notice of any material changes to the terms.
- These terms and conditions apply specifically to the RASTRUM 3D Cell Model Network and are to be read in conjunction with the Standard Terms of Business of the RASTRUM product, available on our website. In the event of any inconsistency between these terms and conditions and the Standard Terms of Business, the Standard Terms of Business shall prevail, except where explicitly stated otherwise in writing by Inventia Life Science.
